Mission Statement:

Coco's Heart Dog Rescue is a primarily volunteer-driven organization that welcomes dogs to rescue from unfortunate situations and houses them in volunteer foster homes while preparing them for adoption placement. We focus on evaluating each dog's needs, provide high quality veterinary care, and work towards finding them a life long match with an adoption placement.

We strive to educate our community on the importance of rescue, our specific rescue efforts, responsible pet ownership, and the difference each person can make on the lives of dogs in need.

Message from our Director:

Coco's Heart started as a dream, and to see the impact we have been able to make **TOGETHER** is far more than anything I thought was possible.

I am proud of Coco's Heart, I am proud of our staff, I am proud of our volunteers, and I am proud of our supporters. We have all worked together to make this possible. The thousands of lives we have been able to serve is incredible.

Warmly,
Ashley (Van Ort) Kurtz

The story of Coco:

Coco was a beloved buddy to Ashley.

She worked hard to earn a dog and picked him out when she was 8 years old. He tragically passed away when he was 5 years old. He was an incredibly special, wild, and loving boy and it is in his memory that our rescue efforts live on!

There is nothing quite like the friendship a dog can give you, and the lasting impact they can have on our lives.

The Love That Coco Knew

This year we published our very own Children's Book! It follows the journey of a young Ashley Kurtz, who followed her passion while educating young minds on the impact of being kind and helping animals.

Coco's Heart Veterinary Center:

In 2022, Coco's Heart debuted the Coco's Heart Veterinary Center, a full service in-house-clinic that is truly monumental for our rescue efforts. In 2021 Coco's Heart spent over one million dollars on veterinary expenses, over \$100,000 on examinations alone at partner clinics. Our wonderful team has been able to provide quality care to so many of our animals since opening our doors and we are so excited for the future.
